L	21.5	17	28.25
XL	22.5	18	29
XXL	23.75	18.75	30

inches

How to take Measurements

Prep

1. Lay the T-shirt flat on a hard, even surface (table/floor). Smooth out wrinkles — don't stretch the fabric.
2. Use the tape relaxed against the fabric (not pulling tight). Record measurements in inches **and/or** centimetres (1 in = 2.54 cm).
3. All our measurements are mentioned in centimetres (cm)

Measurements (step-by-step)

1. **Chest (Pit-to-pit → full chest)**
 - Find the arm seams. Measure straight across the front, **about 1 inch (≈2.5 cm) below the armholes**, from one side seam to the other.
 - *If you want circumference:* multiply that number by **2**.
2. **Body length (HPS → hem)**
 - Locate the Highest Point of Shoulder (HPS): the point where the shoulder seam meets the neck seam. Measure straight down the front to the bottom hem.

Note:

1. Our T Shirts are Regular Fit which are not so tight or not so loose.
2. Measurement mentioned may vary by (+ / -)1.27 cm (0.5 inch)
